PROFESSIONAL SUMMARY

I'm Malindi Ruprabha, a Software Engineering undergraduate at CINEC Campus with a passion for UI/UX design, frontend development, business Analysis and data analysis. I enjoy combining creativity and technical skills to create intuitive, visually appealing, and impactful digital solutions while continuously learning and growing in the tech field.

EDUCATION

BSc (Hons) in Software Engineering — CINEC Campus, Colombo, Sri Lanka

Relevant Coursework: DBMS, ADBMS, Web Technologies, Human Computer Interaction (UI Design)

Tools & Skills: Excel, Figma, SQL

2022-Advanced Level- Maths Stream

PROJECTS –Data/Business Analysis

- **Titanic Dataset – Exploring the Titanic Dataset:** Analysis of the Titanic dataset to predict survival rates using machine learning techniques for Feature Engineering & ML in Python
- **Data Analysis using python:** Car Data Analysis Project | Python, Excel
 - Analyzed car features such as brand, price, and horsepower.
 - Cleaned and processed data using Python.
 - Created visualizations to identify trends and insights.
- **Power BI Projects:**
- Financial Sales & Executive Performance Dashboard
 - A comprehensive analytics and forecasting system to predict income and repair times for computer shop.

- Financial Insight Dashboard
 - A Power BI dashboard providing insights into financial data and trends.
- **Excel Dashboard for Data Visualization :**
 - Smart Excel Dashboard with ChatGPT for data visualization and analysis.
- **Event Management System data analysis using SQL**
 - SQL –based analysis for an event management system to track attendance and feedback
- **Predictive Income and Repair Time Analytics and Forecasting System for Multi9 Computer Shop**
 - A comprehensive analytics and forecasting system to predict income and repair times for a computer shop.

CERTIFICATIONS

- JDBC in java course — Great Learning (2024)
- Python for Beginners — University of Moratuwa (2024)
- Java basic programs — Great Learning (2024)
- OOP in java course—Great Learning (2024)
- Certificate of Completion in Computer Literacy—Open University (2023)
- Get Started with SQL Analytics and BI on Databricks—databricks (2025)
- Power BI for Beginners—Microsoft (2025)
- Automate Everything with n8n—Lets Upgrade (2025)

TECHNICAL SKILLS

Testing Tools: Selenium, JMeter (for performance testing)

Programming: Java, Python, JavaScript,

Web Technologies: HTML, CSS, React.js, Node.js, Php

Database: MySQL

Other Tools: Git/GitHub, Figma, Canva, PowerBI, Word, Excel, Powerpoint

SKILLS

- Web Design • UI Design • Graphic Design • Data Analysis

SOFT SKILLS

- Analytical Thinking • Problem Solving • Critical Thinking • Teamwork • Communication
- Time Management • Collaboration • Team Work .

RESEARCH

- AI and Mobile Technology for Talent Identification and Developing Rural Sports in Sri Lanka – Research abstract published at the 6th Research Symposium of CINEC Campus
- Day-care Connect – Research abstract published at the 6th Research Symposium of CINEC Campus

EXTRA-CURRICULAR ACTIVITIES

- Member of Cinec Media Circle (Graphic Designing)
- Member – Tesctrick Club, Rotaract Club
